Subject : Informative Note About Construction Activities.

TO WHOM IT MAY CONCERN

Kırklareli Special Provincial Administration's Project submitted and Project is under signature "Promote and Affect Tourism Through History" (Tarihi ve Turistik Alanların Desteklenmesi) within scope of 2. call for tender of Interreg- IPA Bulgarian- Turkey Cross Border Cooperation.

As the result of visits made to Hamdibey Village of Demirköy District which is connected to province, it was seen that village are stabilized and there is no walking route for tourists coming in or out of the vehicle where the vehicles are not parking. There is no place visitors rest relaxing and learn about culture of the village returns back without having and information about traditional values and culture.

With this project stone block pavement will be implemented to structurally damaged roads of Hamdibey Village. For pedestrians a pedestrian route will be determined in the village. Signboard for pedestrians will be placed. A viewing platform will be created at the end of the route. The visitors will be able to relax, at same time viewing platform will be created where the architecture and natural beauties of the village can be watched. With the construction activities to be made visitors will find opportunity to learn culture of the village and it's residents.
