5. Reason for cancellation

The tender procedure is cancelled on the basis of point 2.6.13 of the PRAG (there have been breaches of obligations, irregularities or fraud in the procedure, in particular where they have impeded fair competition). In particular, the Contracting Authority found a non-conformity in the tender documents, namely the type of procedure. On the basis of the above fair competition and equal treatment of tenderers in the present tender procedure, the Contracting Authority could not be guaranteed and the contracting authority decided to cancel the tender procedure.

Notes:

Should a new tender procedure be launched for this project, a new contract notice will be published, unless the contracting authority awards the contract through a negotiated procedure – in which case only the award of the contract will be published.
